Using 5.9 is fine - you just have to interpret it when you read your dictionary and print the results and when you ask for input.

Approved.

1. oh oops!

2. 5 foot 9 inches, oh wait should I do 5.09 to indicate that it's not 90 inches?

Dear Professor French,

Here are the three files for part 1 of the coding assignment 6.

Sincerely,  
Mary-Rose Tracy
